ALBERT VIEILLE

COME AND EXPLORE!

Carefully selected, each of our naturals is the expression of our commitment to act for the benefit of people and communities, by preserving nature and acting responsibly.

COME AND ENJOY!

A wide range of natural ingredients for fragrances, natural cosmetics and aromatherapy to satisfy your desire to reconnect with nature while delivering olfactory and well-being experiences.

A CENTURY OF KNOW-HOW

1918 Opening of the Laborma factory in Vallauris, France, specializing in local aromatic plants such as orange blossom, centifolia rose and jasmine.

1968 The Laborma factory becomes Albert Vieille, which develops the international distribution of natural aromatic materials.

1991 Albert Vieille strengthens its expertise through the acquisition of a production site in Andalusia, Spain, along with the development of quality control and research and development.

2019 Albert Vieille is acquired by Givaudan. A new step in the company's journey to grow stronger together by leveraging our respective expertise.

OUR EXPERTISE

NATURALNESS & PURITY

We guarantee that each product comes from a single botanical species, from defined chemotypes and identified geographical areas, and that there is no addition of natural or synthetic materials.

PRODUCTION

With our expertise and the know-how of our specialized team, we transform selective raw materials into essential oils, absolutes, resinoids, and floral waters that are in line with the requirements of the aromatherapy, perfumery, and personal care industries.

RESPONSIBLE SOURCING

For the benefit of the people, local communities and the environment we promote sustainable practices that preserve biodiversity and at risk raw materials. We also put forward our expertise and know-how in plant breeding, farming and harvesting while partnering with local farmers and collectors to nurture long term relationships.

A person with long blonde hair, wearing a white dress with a vibrant floral pattern in shades of pink, red, and green, stands in a field of tall, pink, spiky flowers. The background is a soft-focus landscape with more of these flowers and greenery under bright, natural light. The overall mood is serene and natural.

OUR RANGES FOR FRAGRANCE AND WELLNESS
